

Disclaimer

This website cannot and does not contain medical, psychological or other advice or treatment and should not be construed as such. The information on this website is provided as a discussion and information resource only and should not be used or relied on for any diagnostic or treatment purposes. The information provided on this website is not a substitute for professional advice of treatment obtained during the course of a doctor-patient relationship nor does the provision of the information on this website create any doctor-patient relationship between you and Dr. Vermani or any other individual who provides information on this site. While the information is provided in good faith, we make no representation or warranty of any kind, express or implied, about the accuracy, adequacy, validity, reliability, availability or completeness of any information on this site or whether it is appropriate for your personal circumstances. We encourage you to contact the appropriate health care professionals for individualized assessment and advice and/or treatment prior to making any health care decisions. Never disregard or delay medical or psychological advice and/or treatment based on information on this site. If you believe you have a medical or psychological emergency, visit your local emergency department or 911 immediately.

Under no circumstances shall Dr. Vermani, her employees, agents, successors, or assigns, have any responsibility or liability to you for any damages, loss, or injury of any kind as a result of the reliance on the information of this website. Further, Dr. Vermani, her employees, agents, successors or assigns, shall have no responsibility for the information or content of any third-party website whose link may be provided on this site.
